WNTC Sets Rules For New Members

The executive board of Campus Station WNTC at a meeting Tuesday night decided to accept applications for membership in the station. Applications for interested students of both PSTC and Clarkson must be filed with the executive board of the station for a trial period of one month. After a student has served for this period and has proved his interest and merit he will be elected to full membership in the station.

The station is divided into four committees: Programming, Engineering, Publicity and Business. A student may elect to work on one, but not more than two of the four committees.

Broadcast material and talent is now foremost in consideration and it is necessary to have an advanced program schedule ready when the station opens and at all times after that. This work is under the direction of the program committee which includes comedians, actresses, announcers, program directors, producers, script writers, disc jockeys, musicians, etc.

Applications may be obtained by contacting a member of the executive board, who will explain each phase of activity and assist the student in filling out his application. The executive board consists of Nick Sikas, station manager; Lionel Hoffman, secretary; Ronald Elliott, publicity chairman; Dan Weinberg, business chairman; Frank Bradler, engineering chairman, from Clarkson and Bill McLean, assistant station manager; Carolyn Longfritz, program chairman, from PSTC.
